DETAILED ACTION

Election/Restrictions

1. Applicant's election of Group III, claims 30-38 in the reply filed on October 23, 2006 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)). Since claims 1-29 have been canceled, the claims pending in this application are claims 30-38.

2. Sequence Election Requirement

After further reviewing claims 30-38, the examiner notes that claims 30-38 contain patentably distinct SEQ ID Numbers. Each sequence is patentably distinct because the sequences are structurally unrelated sequences, and a further restriction is applied to each Group. Applicant is advised that examination will be restricted to only elected SEQ ID NO. and should not to be construed as a species election.

3. Papers related to this application may be submitted to Group 1600 by facsimile transmission. Papers should be faxed to Group 1600 via the PTO Fax Center.
